

# CARE WHERE IT MATTERS MOST.

## Welcome to VitalCaring.

Our goal is simple – to deliver compassionate, one-on-one quality healthcare to our patients in the comfort of their own home. We do this by bringing together like-minded people who are called to care and supported by positive organizational culture that is unmatched in the industry. This, in turn, enables our care teams to deliver an exceptional patient experience at every encounter.

We offer personalized in-home home health care services and our care teams include adult care specialists in Nursing, Physical Therapy, Speech Therapy, Occupational Therapy, and Personal Care.

Whether you have short term, chronic or recurring health issues, VitalCaring provides qualified compassionate care teams who will work with you to help you achieve your healthcare goals safely and effectively at home.

## Services

To help our patients manage their symptoms and maintain independence, VitalCaring works with physicians to develop specialty protocols that result in a personalized, patient-centered care plan that aligns with physician and patient preferences.

## Multidimensional care in the comfort of your own home.

Home health services are designed to help recover from an injury or surgery, manage an acute or chronic illness, or adjust to a new diagnosis with the goal of helping our patients regain their independence. The VitalCaring team will work in collaboration with your physician to design and implement a care plan especially for you and will teach you the skills that are necessary to live safely and confidently in your home.

Managing through healthcare issues can be challenging. Our home health team includes nurses, therapists, social workers and home health aides who are dedicated to helping your patients recover and effectively manage through complex healthcare issues. Our professional team will help your patients understand their condition, understand your condition, assist with management of medications, improve mobility and help them become as self-sufficient as possible by providing exceptional physical care and emotional support.

## Therapy Focus

VitalCaring provides a full range of home-based therapy and rehabilitation services designed to help your patients reach their goals safely and effectively so they can remain independent at home.

Our experienced team of therapists deliver unmatched therapy and rehabilitation care utilizing the most current technology and techniques.

VitalCaring is a national leader in the home health care and hospice industry. We're serving patients throughout the Southern United States, including Texas, Oklahoma, Louisiana, Mississippi, Alabama and Florida.

From our base in the South, we're expanding to serve even more communities nationwide. Call us today to find out more about the markets we serve.
